Important CASS Certification Notice

MDR is currently upgrading our USPS CASS certification process to be compliant with the new USPS CASS/MASS Cycle N requirements that will go into effect on August 1, 2011.

Until release of this system upgrade, MDR will provide CASS certification on an as-requested basis at no additional charge to our customers.

If you require a USPS CASS Certificate for any MDR list, please contact Janet Brady at 203-225-4720.

We thank you for your patience while we implement this important upgrade.
